C. Training Evaluation Branch.

1. On 2 October, [] met with representatives from TSS to lay the groundwork for construction of a test battery which will screen applicants for specialized [] training. [] will receive further briefings from the instructors in the near future.

2. Chief, TEB, and [] met with [] on 3 October to review the analysis of a case-study technique used in Basic Management No. 27. Students were asked to review a case on the first day of the course and to review and discuss the same case during the last two days of the course. Analysis of the students' notes proved to be an effective device for demonstrating broadened awareness of management problems and areas in which instruction had the greatest impact.

III. PERSONNEL NOTES. None.
